Dear Ms. Whitney:

**Re: Annual RPS Compliance Report to PSC**

Powerex Corp. (Powerex) received a letter dated April 2, 2009 identifying Powerex as a Competitive Electricity Supplier to retail customers in Montana.

Pursuant to the definitions found in "69-3-2003" a Competitive Electricity Supplier sells electricity to small customers at retail rates with an average monthly demand of less than 5,000 kilowatts. Powerex does not sell electricity to this customer class and we believe this reporting requirement does not apply to our company. As a result of this determination, Powerex will not be filing a compliance report.

Sincerely,

A handwritten signature in black ink, appearing to read "Tom Elgie".
